with the bunch, they did at well as was expected by the majority of the baseball cramks of the city. They started out in great style and kept it up for quite a while, leading the rest of the clubs with 180 per cent for almost a week.

The locals began the season in Philiphelia, where, after having two games postponed on account of the weather, they finally opened on April 26, when they defeated the Athletics by the decisive score of 5 to 1, before one of the largest baseball crowds seen in this country for many year. After defeating the Quakers twice, they returned to the Capital and began their home season with the McGrawites from Baitimore, and trounced them three times in succession.

The beanesters from the city of culture were their next victims.

The Senators met their first defeat at the hands of the Baitimor; aggregation and upon receiving their initial trouncing they dropped into second place, for Detroit was only laying for the chance to forge ahead of the band when they were walloped by the men from the Monumental City. The locals continued to lose for two weeks, and on the 18th of May they adorned third place, with Boston bidding high for their position.

As time rolled on, it finally came the Senators' turn to take a trip out into the far West, to try their hands at scalping the occidental lads. They met defeat

WORLD'S RECORDS SMASHED. A Rare Evening's Cycling Sport at

Madison Square Garden.

NEW YORK, Sept. 28.-All past shortcomings, whatever they may have been, were atoned for at Madison Square Gar-den tonight, when the final races of the season were run. It is not too much to say that the racing, as a whole, excelled any single evening or afternoon of sport ever seen in this city. The records were made for ten and twenty-five miles in competition, and also new records for three, four and five miles behind pace. Jimmy Michael's ride for record time behind a single seat motor bicycle run by the Frenchman, Albert Champion, kept the crowd in a continuous uproar. After the first start Michael's wheel went wrong in the first half-mile and he waited to have it fixed while a final was run. When he started again, flying, it was plain to the merest novice that fast time was being made. It meant reputation and mon-ey to the Welsh midget to make a great showing, for he sails on Tuesday on the Kron Prinz Wilhelm for Europe.

Champion, one of the greatest of motor-ists, set a terrific pace and the "rarebit" followed steadily. The time for the five miles was better than that ever made before anywhere behind a single motor cy-The last mile was done in 1:29 3-5. which also is a world's record behind a
